Sir:

Applicant hereby respectfully responds to the Examiner's Final Rejection with the following proposed claim amendments in view of the Examiner's helpful comments. In particular, the Examiner states that "the features upon which applicant relies (i.e., determining if a card is part of a qualified set of cards to accept loading of an application and determining if a card is part of a qualified set of cards to accept deleting of an application) are not recited in the rejected claims(s)." In response, applicant proposes to amend each of the pending four claims to incorporate this limitation.

Amendments to the Claims are reflected in the complete listing of all claims in the application beginning at page 2 of this paper.
